## ATTACHMENT E

## LIST OF TOTAL MAXIMUM DAILY LOADS (TMDLS) APPLICABLE TO INDUSTRIAL STORM WATER DISCHARGERS

NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES)
GENERAL PERMIT FOR STORM WATER DISCHARGES
ASSOCIATED WITH INDUSTRIAL ACTIVITIES
(GENERAL PERMIT)

The following table contains a list of Regional Water Board adopted and/or US EPA established/approved TMDLs, as of the adoption date of this General Permit, that are applicable to industrial storm water Dischargers. TMDLs adopted/established after the effective date of the General Permit may, at the Water Boards discretion, be included in this General Permit. This General Permit may be reopened to amend TMDL-specific permit requirements in this Attachment E, or to incorporate new TMDLs adopted during the term of this General Permit that include requirements applicable to Dischargers covered by this General Permit.

| Water Body                                             | Pollutant                                  |
|--------------------------------------------------------|--------------------------------------------|
| San Francisco Bay Regional Water Quality Control Board |                                            |
| Napa River                                             | Sediment                                   |
| Sonoma Creek                                           | Sediment                                   |
| Los Angeles Regional Water Quality Control Board       |                                            |
| Santa Clara River Reach 3                              | Chloride                                   |
| Santa Clara River                                      | Nutrients                                  |
| Los Angeles River                                      | Metals                                     |
| Los Angeles River                                      | Nutrients                                  |
| San Gabriel River                                      | Metals and Selenium                        |
| Santa Monica Bay                                       | Nearshore Debris                           |
| Machado Lake                                           | Nutrient                                   |
| Harbor Beaches of Ventura                              | Bacteria                                   |
| Ballona Creek                                          | Metals                                     |
| Ballona Creek Estuary                                  | Toxic Pollutants                           |
| Los Angeles Harbor                                     | Bacteria                                   |
| Marina del Rey Back Basins                             | Bacteria                                   |
| Santa Clara River                                      | Bacteria                                   |
| Walker Creek,                                          | Mercury                                    |
| Oxnard Drain No. 3                                     | Pesticides, PCBs <sup>1</sup> and Sediment |
|                                                        | Toxicity                                   |
| Long Beach City Beaches and                            | Indicator Bacteria                         |
| Los Angeles River Estuary                              |                                            |
| Los Angeles and Long Beach                             | Toxic and Metals                           |
| Harbors                                                |                                            |

Polychlorinated biphenyls

## LIST OF TOTAL MAXIMUM DAILY LOADS (TMDLS) APPLICABLE TO INDUSTRIAL STORM WATER DISCHARGERS

| Los Angeles Area Lakes                         | Nitrogen, Phosphorus, Mercury, Trash, |
|------------------------------------------------|---------------------------------------|
| 0 1 11 1                                       | Organochlorine Pesticides and PCBs    |
| Santa Monica Bay                               | DDTs and PCBs                         |
| Machado Lake                                   | Toxics                                |
