Thank you Michael, I've saved the login info so that I don't have to bother you again.

Also, I want to let you know the FTP site won't let us overwrite the files (replace the existing with the updated files). We had that problem before and had it today again.

Have a nice evening!

Respectfully

Just as an FYI in the password I was reading it as a lower case 'l' but its actually an uppercase "l" as in Ice.
