Hi Kyle,

Please do resend the login information. I'll contact Nicole and discuss the data distribution.

Tripp,

This would be a great opportunity for DWR to test the FTP site we created for this petition. Can your team upload the model study to your FTP site and let me know? I will then verify upload, transfer the files to our server, and report back to DWR? DWR can then delete the files if desired. Alternatively, I can come over this morning and meet with your staff to download the files on a removable hard drive. Please let me know if you wish me to resend DWR's login information.

Respectfully,

Hello Kyle,

Thank you for your interest in obtaining a copy of the updated model study package as indicated in the Status Report Regarding the Hearing on California Waterfix Water Rights Change Petition dated May 16, 2016. In order to receive this data, please send or deliver a portable hard drive or flash drive that can accommodate at least 64GB of data to DWR at the address below:

Nicole Darby
Department of Water Resources
901 P Street, Room 427
Sacramento, CA 95814

Please include a return address.

Respectfully,
Nicole

Subject: Model Study Package for CA WaterFix Petition

Nicole,

I am Kyle Ochendusko, senior engineer under Ms. Diane Riddle at the Water Boards, working on the WaterFix Petition. We want to post the model study package mentioned on page 2 of the petitioners' letter on our website. What is the best way to transfer these data from DWR to Water Boards? This email is a follow up to the voicemail I left you this morning.

Respectfully,

Kyle Ochendusko
