

## **Delta Flow Expert Group**

As described in the notice of proceeding, staff intends to make a brief introductory presentation at the Proceeding. Staff invited a group of published and peer-reviewed scientists with Delta expertise to assist in this matter. The group will present scientific information relevant to this proceeding as part of the introductory presentation. This group is not, and should not be construed as the final word on the topic. The experts do not speak for the Board, nor do they represent the Board's viewpoint on the subject. Staff committed to sharing the list of experts comprising this group by the week of January 18. The purpose of this message is to provide you the names and affiliations of the expert scientists in this group.

William Bennett, University of California at Davis  
Jon Burau, United States Geological Survey  
Cliff Dahm, Calfed Science Program  
Chris Enright, Department of Water Resources
