**BRIEF COMMENT:**

We will be unable to attend the outreach meetings next week. Please know that we are very supportive of taking quick measures to save the salmon. For the record, although the agencies are not asking for this, many including ourselves have had our water metered for at least 20 years, with no problems and we pay for it. This is not an extreme concept. Some may have been unwilling to accept this for too long, but it is very reasonable and basically fair.

Green Valley Creek at Old Redwood Hwy bridge July 1, 2015

Mark West Creek above Tarwater Road July 3, 2015.

Please move forward quickly. One diversion, by Ag especially, or a big lawn could easily and quickly pull the plug on these little bathtubs (tributary pools) and much will be lost.
