Dear Ms. Townsend:

COMMENT LETTER- 5/20/14 BOARD MEETING MILLVIEW REVOCATION HEARING:

The Division of Water Rights Prosecution Team has reviewed the proposed State Water Resources Control Board (State Water Board) order concerning the revocation of License 5763. The Prosecution Team supports the State Water Board's proposed order revoking License 5763.

As reflected in the State Water Board's proposed order, the evidence presented at the hearing shows that all water use under the license ceased over ten years ago following the closure and demolition of the Masonite Plant. Accordingly, water use under License 5763 was forfeited under Water Code section 1241 following five years of non-use.

The Prosecution Team has reviewed the Sonoma County Water Agency's May 5, 2014 comment letter on the proposed order. The Prosecution Team does not object to the two revisions the Agency requests if the Board decides to revise the order in accordance with the letter.

I will attend the Board meeting on May 20 and will be available to answer any questions you may have.

Sincerely,

Nathan Jacobsen
Attorney
Prosecution Team
