Subject: Salton Sea Comment Letter

Dear Ms. Townsend,

On behalf of Salton Sea Landowners Association, I would like to express our support for the Imperial Irrigation District's (IID) petition regarding the Salton Sea. As stated in the workshop notice, "IID has brought an issue of statewide importance to the Board's attention." We are all aware of the Salton Sea's importance as a natural and environmental resource. Not only does this issue affect the health and welfare of Imperial County residents, it impacts the interests of all taxpayers - local and absentee, alike.

The current condition of the Salton Sea and the accelerated decline expected post 2017 is an issue that cannot be ignored. We request that your Board continue to work with IID and all other stakeholders to achieve the goal of a feasible and fully funded restoration plan for the Sea. It is our hope that the Board's involvement in this critical matter will encourage participation and commitment from every stakeholder involved while producing a path forward that all will be able to support.

Thank you for your consideration of this request.

Sincerely,

Robbie Cordes, President
Salton Sea Landowners Association
