**Subject:** Fwd: RE: State Water Board Request for Allocation Information -- NEED HELP PLEASE

John,

Forwarding email that I received from Stephanie Locke with the Monterey Peninsula Water Management District regarding information that they are requesting from the City of Seaside to complete their response to State Water Board on the interpretation of Condition 2 on the Cease and Desist Order (CDO). I believe that the correspondence I had received from State Water Board recently that I can't locate at the moment was in regard to this issue as well. Can you let me know if you've been able to find who sent the letter. In the meantime, I will provide MPWMD with a response. Let me know if you find that you need you would want the City of Seaside to provide the State Water Board with a separate response.

Happy New Year!

I sent this URGENT message in December (please see the questions below). It's really urgent now. Please help me: I'm missing Carmel, Seaside and Sand City and the Airport District. We need to get a response to the State Water Board.

(Chuck, you're forgiven, because Gabby gave me a wrong email for you).

Thanks!

Stephanie

**Subject:** State Water Board Request for Allocation Information -- NEED HELP PLEASE

**Importance:** High

Hi,

MPWMD staff met with State Water Board staff this week to try to get a better interpretation of Condition 2 of the Cease and Desist Order (CDO). Condition 2 identifies which projects are subject to

the CDO. The Water Board staff requested the following information. We need your help, as each Jurisdiction is the gatekeeper of its Allocations:

1. What projects are on your Jurisdiction’s “water waiting list”? Please provide us with a copy of your list. Identify the property (address and APN), the project description (is it a remodel or a new structure/connection and is it commercial or residential), and the quantity of water requested.
2. If your Jurisdiction has water in an Allocation that is still available and that is being selectively released, what is your Jurisdiction’s criteria for determining which projects will receive water?
3. Which projects in your Jurisdiction have received a Water Release Form that authorized water from your Jurisdiction’s Paralta or Pre-Paralta Allocations (and Water West and Quail Meadows in the County) that have not yet acquired their Water Permit? (The current Allocation balances are toward the end of this email):
  - o Please identify the nature of the project (new connection, remodel/addition, residential or non-residential) and the amount of water released. If you have a list of all Water Releases for these Allocations by APN issued by your Jurisdiction since 1993 (and the date the form was signed), the District can help you look up whether a permit has been issued and how much water was used. (It is possible that your Jurisdiction may have more water available than you thought if the amount of water used was less than you released.)

Time is of the essence. Please provide this information to the District as soon as possible. We would like to get a response back to the Water Board before January 3rd.

If you have questions, please email me. Likewise, if you need help with conveying the urgency of this project to your management, let me know and the District can assist. I will be out of the office until the 27<sup>th</sup>, but I can respond to email. I will not have a phone available. Dave Stoldt will be in the office during that time.

The following water is still available (Water Permits have not been issued) in the Jurisdictions as of November 30:

				<b>Total</b>
<b>Jurisdiction</b>	<b>Paralta Allocations Remaining</b>	<b>Pre-Paralta Allocation Remaining</b>	<b>Quail and Water West (County)</b>	
<b>Airport District</b>	5.197	0		5.197
<b>Carmel-by-the-Sea</b>	1.397	1.081		2.478
<b>Del Rey Oaks</b>	0	0		0
<b>Monterey</b>	0.203	0.03		0.233
<b>Monterey County</b>	10.284	0		10.284
<i>MoCo Water West</i>			3.629	3.629

<i>MoCo Quail Meadows</i>			0.723	0.723
<b>Pacific Grove</b>	0	0.012		0.012
<b>Sand City</b>	0	0		0
<b>Seaside</b>	8.749	34.438		43.187

Thank you for your assistance.
