

## California Extended Water and Wastewater Arrearage Payment Program

## **Current List of Applications and Application Review Status (as of 2/1/2024)**

The following table lists the applications submitted by community water systems, wastewater systems, and wastewater billing entities for the Extended Water and Wastewater Arrearage Payment Program (Program) for water and wastewater arrearages. The table lists the status of the review of the application by Program staff.

The application period for the Program ran from November 1, 2023, through December 31, 2023. Late applications were accepted through January 31, 2024. All eligible Applicants will receive 100% of the eligible amount requested, as the total amount requested in the applications is less than the total amount of available funds for the Program. Disbursement of funds has begun and will be completed within the following months.

If you have submitted an application for the Program, but do not see your entity on this list, please contact Program staff at <a href="mailto:DFA-WaterArrearages@waterboards.ca.gov">DFA-WaterArrearages@waterboards.ca.gov</a> to ensure your application was received.

Customers of water and wastewater systems cannot individually apply for this Program, however, are encouraged to contact their water and wastewater systems to request that they apply.

Applicant Name	Date Application Received	Total Funding Request	Application Review Status
Alameda Water District	12/20/2023	\$1,132.06	In Review
