

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 84-82

RESOLUTION NO. 84-20 BY THE CALIFORNIA REGIONAL
QUALITY CONTROL BOARD, SAN DIEGO REGION, AMENDING THE
WATER QUALITY CONTROL PLAN REPORT FOR THE SAN DIEGO
REVISING GROUND WATER QUALITY STANDARDS FOR THE MISSION
DIEGO HYDROGRAPHIC SUBAREA (SUBAREA 7.11)

WHEREAS:

1. The California Regional Water Quality Control Board, San Diego Region, (San Diego Regional Board) adopted the Comprehensive Water Quality Control Plan Report for the San Diego Basin (basin plan) which was approved by the State Board on March 20, 1975.
2. On August 27, 1984, the San Diego Regional Board, after a public hearing, adopted Resolution No. 84-20 amending the basin plan.
3. The San Diego Regional Board staff satisfied the public notice requirements in accordance with California Water Code Section 13244 and has responded to comments received.
4. The basin plan amendment adopted by the San Diego Regional Board revises beneficial uses and ground water quality objectives for the Mission San Diego Hydrographic Subarea (Subarea 7.11).
5. The basin plan amendment recognizes existing beneficial uses and existing and projected trends in ground water quality.
6. The San Diego Regional Board found that the current beneficial uses of this subarea are marginal and that the volume of reclaimed water that could be utilized is in excess of the safe yield of the poor quality of ground water.
7. The State Board's Non-Degradation Policy criteria has been considered by the San Diego Regional Board in adopting the basin plan amendment.
8. San Diego Regional Board staff prepared documents and followed appropriate procedures to satisfy the environmental documentation requirements of both the California Environmental Quality Act, Public Resource Code, Section 21080.5, and the Federal Clean Water Act. The San Diego Regional Board found that adoption of the amendment will not have a significant adverse effect on the environment.
9. Basin plan amendments do not become effective until approved by the State Board.

THEREFORE BE IT RESOLVED:

That San Diego Regional Board Resolution No. 84-20 amending the Comprehensive Water Quality Control Plan for the San Diego Basin be approved.

CERTIFICATION

The undersigned, Executive Director of the State Water Resources Control Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on December 20, 1984.
