

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 87-74

APPROVING AN AMENDMENT FOR LOS ANGELES COUNTY SANITATION DISTRICTS (LACSD)
GRANT NO. C-06-1833-110-01 - REALLOCATION OF FUNDS

WHEREAS:

1. The Los Angeles County Sanitation Districts (LACSD) have received grant funding for a fluidized combustion/air pollution control facility.
2. Grant contract C-06-1833-140 originally included the installation of refractory into the fluidized bed boilers.
3. Recently it was determined that a welded tube (waterwall) is more cost effective than the refractory.
4. Design of the fluidized bed boilers has been changed to accommodate the waterwall design.
5. Fabrication of the waterwall and associated equipment will be supplied under the equipment purchase contract (C-06-1833-110-01).
6. LACSD has asked the State Board to reallocate \$2,263,310 from contract C-06-1833-140, to the equipment purchase contract, C-06-1833-110-01, to accommodate the waterwall design change.
7. Staff have reviewed the LACSD submittal and agree that the waterwall is more cost effective.

THEREFORE BE IT RESOLVED:

That the State Board approves the reallocation of \$2,263,310 from contract C-06-1833-140 to contract C-06-1833-110-01 to accommodate the change to waterwall and the purchase of necessary equipment.

CERTIFICATION

The undersigned, Administrative Assistant to the Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on August 20, 1987.

Maureen Marche
Administrative Assistant to the Board
