

STATE WATER RESOURCES CONTROL BOARD  
RESOLUTION NO. 91-88

APPROVAL OF THE PHASE VI SECTIONS 205(j)(2)/604(b)  
WATER QUALITY MANAGEMENT PLANNING PROJECT PRIORITY LIST

WHEREAS:

1. Section 205(j)(2) of the Federal Clean Water Act allows states to reserve up to one percent of their annual Title II Clean Water Construction Grant allocation for water quality management planning activities. Beginning in 1989, Section 604(b) supplemented Section 205(j)(2) to maintain funding for water quality management planning projects.
2. The State Water Resources Control Board (State Board) is the designated state agency in California to administer the water quality management planning program.
3. It is estimated that up to \$1,000,000 may be available in FFY 1992 for water quality management planning program projects and program administration from Section 604(b) of the Clean Water Act.
4. The State Board issued an Implementation Plan and Request for Workplans (RFW) for the Phase VI water quality management planning program on May 13, 1991.
5. In response to the RFW, 18 workplans were submitted by local, State, and public academic institutions.
6. Following a thorough evaluation process, including open public participation, the State Board has selected six projects that will be fully considered for Phase VI funding contingent on availability of funds and development of acceptable contractual agreements.
7. These water quality management planning projects consist of actions taken by regulatory agencies, as authorized by State law or local ordinance, to assure the maintenance, restoration, enhancement, or protection of water quality or the environment. As such, these projects are exempt from the provisions of the California Environmental Quality Act, Public Resources Code Section 21000 et seq., in accordance with 14 CCR Sections 15307 and 15308.

THEREFORE BE IT RESOLVED:

That the State Board:

1. Establishes the attached priority list for Phase VI water quality management planning projects.

2. Authorizes the Executive Director, or his designee, to apply for the FFY 1992 Phase VI water quality management planning grant.
3. Authorizes the Executive Director, or his designee, to approve the final Phase VI water quality management planning workplans and to negotiate and execute contracts and amendments in accordance with the workplans to implement the projects.
4. Authorizes the Executive Director, after advising the State Board, to redirect unexpended Phase II, Phase III, and Phase VI water quality management planning funds.

CERTIFICATION

The undersigned, Administrative Assistant to the Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on September 26, 1991.

Maureen Marché  
Administrative Assistant to the Board

DRAFT PHASE VI WATER QUALITY MANAGEMENT PLANNING PROGRAM PROJECTS FUNDING PRIORITY

Applicant	Project Title	205(j)(2) Cost Project	205(j)(2) Cost Cumulative	RPCPO/IO Cumulative	State Cumulative	Comments
California State University, Fresno	Strategy For Mitigation of DBCP Contamination of Kings Ground Water Basin	\$100,000	\$100,000	---	\$100,000	Recommended for reduced FFY 1992 funding. Originally requested \$175,546 but only able to provide \$100,000 due to required 40% federal plus through to RPCPO/IO. Non-RPCPO/IO.
Central Valley Regional Water Quality Control Board, Region 5	Delta Toxicity Evaluation	\$220,000	N.A.	---	---	Funding not available based on current FFY 1992 projections. Approved for funding by the State Board's Contract Review Committee (CRC). Non-RPCPO/IO.
County of Monterey	Developing Ground Water Quality Monitoring, Management, and Protection Strategies for the Salinas Basin Water Resources Management Plan	\$175,500	\$275,500	\$175,500	---	Recommended for FFY 1992 funding.
Central Coast Regional Water Quality Control Board, Region 3	Water Quality Impairment Due to Inactive Mines; Identification, Evaluation, Abatement Technologies and Remediation Technologies	\$154,575	N.A.	\$175,500	---	Funding not available based on current FFY 1992 projections. Not able to fund due to State Agency sponsorship. Non-RPCPO/IO.
County of Eldorado	Water Quality Treatment Demonstration Project	\$58,935	\$334,435	\$234,435	---	Recommended for FFY 1992 funding.

County of Mendocino

Garcia River Gravel Management Plan

\$ 70,000

\$404,435

\$304,435

Recommended for reduced FFY 1992 funding. Originally requested \$10,625 but reduced to fund only the water quality component of the Program. Eric Garcia River Gravel Management Plan

County of San Diego

San Elijo Lagoon Water Quality Study

\$ 67,500

\$471,935

\$371,935

Recommended for reduced FFY 1992 funding. Originally requested \$82,500 but reduced due to workshop agreement that analyzes cost for bacteriological and BOD have been over estimated.

City of Santa Rosa

Laguna De Santa Rosa Water Quality Objective Attainability/Attainment Program

\$ 60,000

\$531,935

\$431,935

Recommended for reduced FFY 1992 funding if an additional \$31,935 is available. Originally requested \$12,000 but reduced due to duplication of tasks from Phase V 250000 projects.

TOTAL RECOMMENDED FUNDING FOR FFY 1992 IS \$471,935. THIS INCLUDES \$371,935 RPCPO/IO AND \$100,000 NON-RPCPO/IO. IF AN ADDITIONAL \$31,935 IS AVAILABLE, THEN THE LAGUNA DE SANTA ROSA PROJECT WILL BE FUNDED.

Association of Monterey Bay Area Governments	Coastal and Marine Water Quality Information Coordination, Integration, and Outreach	\$274,404	---	---	---	Funding not available based on current FFY 1992 projections.
Central Valley Regional Water Quality Control Board, Region 5	Urban Runoff Toxicity Identification Evaluation	\$100,000	---	---	---	Funding not available based on current FFY 1992 projections.
County of Alameda	Street Flushing for Pollutant Removal	\$99,750	---	---	---	Funding not available based on current FFY 1992 projections.
City of Folsom	Urban Runoff Water Quality Management Planning for the Folsom and Lake Natoma Watershed	\$106,859	---	---	---	Funding not available based on current FFY 1992 projections.
University of California, Cooperative Extension, San Bernardino	Freshwater Use and Waste Water Discharge from Dairies in the Chino Basin	\$58,980	---	---	---	Funding not available based on current FFY 1992 projections.
Yuba County Resource Conservation District	Sustainable Agriculture Demonstration Vineyard Project	\$52,000	---	---	---	Funding not available based on current FFY 1992 projections.
Association of Monterey Bay Area Governments	Salinas Area Urban Runoff Water Quality Management Plan	\$96,938	---	---	---	Funding not available based on current FFY 1992 projections.

University of California, Cooperative Extension, San Bernardino	Dairy Washwater Deminification and Desalination	\$ 52,070	---	---	---	Funding not available based on current FFY 1992 projections.
Trinity County Resource Conservation District	Grass Valley Creek Watershed Project	\$269,963	---	---	---	Funding not available based on current FFY 1992 projections.
City of Bakersfield	Ground Water Quality Management Planning	\$114,450	---	---	---	Funding not available based on current FFY 1992 projections.
