**RE: MAY 18, 2016 BOARD MEETING (CONSERVATION EXTENDED  
EMERGENCY REGULATION)**

Dear Chair Marcus and Members of the State Water Resources Control Board:

Rancho California Water District (RCWD/District) appreciates the opportunity to provide input to the State Water Resources Control Board (State Board) on the proposed Extended Emergency Regulation for Urban Water Conservation.

RCWD appreciates the State Board proposing to allow individual agencies to evaluate their unique water supply and demand conditions due to the improved hydrologic conditions in California. The District has been active in conservation for many years and understands the importance to continue the water use efficiency message to customers. RCWD's Water Shortage Contingency Plan allows the District to determine the appropriate stage based on water supply conditions. RCWD supports the direction of the proposed changes to the emergency regulation.

Thank you for your time,

**RANCHO CALIFORNIA WATER DISTRICT**

  
Jeff Armstrong  
General Manager
