Re: May 18, 2016 BOARD MEETING (Conservation Extended Emergency Regulation)

Dear Chairwoman Marcus and Members of the State Water Resources Control Board:

Central Basin Municipal Water District appreciates the opportunity to provide comments on proposed regulations to extend the emergency urban water conservation requirements. We have closely reviewed the proposed regulations, and the comments provided by the Metropolitan Water District of Southern California on May 13, 2016 and concur with their comments.

Central Basin is a public agency that wholesales imported water to cities, special districts, mutual water companies, investor-owned utilities and private water companies by serving a population of more than 2 million people throughout southeast Los Angeles County. Our agency has worked closely with Metropolitan and our many retail agencies on conservation and remains committed to furthering conservation efforts throughout our service area.

Thank you for your consideration of our comments. If you have any questions, please do not hesitate to contact me at (323) 201-5548 or via email at [kevinh@centralbasin.org](mailto:kevinh@centralbasin.org).

Sincerely,

Kevin P. Hunt, P.E.  
General Manager
