BACKGROUND

This meeting is part of the State Water Board's Safe and Affordable Funding for Equity and Resilience (SAFER) drinking water program, generally referred to as SAFER.

The SAFER drinking water program is designed to ensure Californians who lack safe and affordable drinking water receive it as quickly as possible. The SAFER drinking water program is helping water systems achieve this goal through a set of tools, funding sources, regulatory authorities, and community outreach and education.

The SAFER Advisory Group is a consultative body that advises the Board on the SAFER Fund Expenditure Plan, and other key analyses and policies as needed. The SAFER Advisory Group does not make decisions or come to consensus on discussion topics.
