DRAFT TIME SCHEDULE ORDER R3-2025-0018
CITY OF GREENFIELD WASTEWATER TREATMENT SYSTEM
MONTEREY COUNTY

NOTICE IS HEREBY GIVEN that the Central Coast Regional Water Quality Control Board (Central Coast Water Board) will accept comments on the proposed Time Schedule Order R3-2025-0018. You may download the draft order from our website at the following address:

La Junta Regional para el Control de la Calidad del Agua (Regional Water Quality Control Board) está notificándoles a todas aquellas personas interesadas sobre un orden preliminar para la planta de tratamiento de aguas residuales de Greenfield. Si desea obtener información en español, póngase en contacto con RB3-WDR@Waterboards.ca.gov.

The City of Greenfield operates a domestic wastewater treatment plant to the east of the city that discharges treated wastewater to land. The wastewater treatment plant is currently regulated by General Waste Discharge Requirements Order R3-2020-0020 for Discharges from Domestic Wastewater Systems with Flows Greater than 100,000 Gallons per Day (Permit).

Greenfield's Permit has pollutant limitations for biochemical oxygen demand (BOD₅) and total suspended solids (TSS) that Greenfield cannot currently comply with. Greenfield has requested additional time to obtain funding and upgrade the wastewater treatment plant to get into compliance. The proposed time schedule order requires Greenfield comply with interim effluent limitations for BOD₅ and TSS, secure funding, and construct an upgraded wastewater treatment plant.
