Subject: Los Osos Sewer- Pleae Help!

Dear Mr. Briggs

We are a young family and property owners living in Los Osos and are pleading with you and your board to help. We do not support the recent recall, Measure B, or the newly elected CSD.

We greatly question the legality of Measure B and the recall election. As to our understanding property owners with lots, that are not developed, were not allowed to vote on this initiative. Is this true? In addition, the measure is going to put our citizens into unfathomable and dire financial peril and continue pollution. Also, our tax assessment which we have been paying for the study and development of the proposed site has been wasted if the current sit is not built. Can this money be squandered legally without refund?

Please do whatever you can do to repeal Measure B and force the CSD to continue building our current sewer without punishing the those who are in touch with reality and understand our complex situation.

Please write back!

Sincerely,

Nathan and Melati Anton
