Goleta SD	Goleta SD WWTP	SSO	NPDES	3/5/07	Contractor installed sewer plug which caused 400-gallon sewage spill from 905 S. Patterson Ave., Goleta, to concrete gutter and street.	The Discharger adequately contained and cleaned up the spill. The spill was captured with a vacuum truck. The Discharger prohibited the contractor from using plugs from blocking the flow line. The Discharger directed the contractor to use pumps to pump water to the nearest downstream manhole. No water bodies were affected.	No further action at this time.		Santa Barbara
Laguna Sanitation	Laguna County SD	CAT 1	NON15	3/31/07	Chloride 12-month mean. Limit is 150 mg/L, reported value 207 mg/L	Discharger implementing salts reduction plan including RO. No further enforcement action needed at this time.	Discharger implementing salts reduction plan including RO.		Santa Barbara
Nipomo CSD	Black Lake	CAT 1	NON15	3/8/07	Chloride violation: limit is 107mg/L and reported value is 119 mg/L.	No further enforcement action needed at this time.	Continuing to pursue source control activities to reduce discharges from self-regenerating water softeners.		San Luis Obispo
San Luis Obispo, City of	San Luis Obispo WWTP	SSO	NPDES	3/5/07	Roots in City sewer line caused 300 gallon- sewage spill from manhole overflow at 1699 Phillips Lane San Luis Obispo, to San Luis Creek and land.	Section of line is on list for replacement in July 2008.	Vacuumed manhole and edge of street. Disinfected with bleach.		San Luis Obispo
Santa Barbara, City of	El Estero WWTP	SSO	NPDES	3/31/07	Overflow from public sewer main caused 1000 gal. sewage spill from 1880 Barker Pass Rd. to land.	Discharger contained spill with sand bags and cleared the blockage with a hydro jetter truck. Excess water vacuumed prior to contact to storm drain system. Line was CCTVed and placed on preventative maintenance program with more frequent visual monitoring.	No further action at this time.		Santa Barbara
