Project Applicant: San Simeon Community Services District – Patrick Faverty

Applicant's Agent: Padre Associates, Inc. – Michaela Craighead

Project Name: San Simeon Wastewater Treatment Plant Outfall Maintenance and Repair Project

Receiving Water: Pacific Ocean

City/County: San Simeon / San Luis Obispo

Public Notice: September 5, 2023 – September 26, 2023

Project Description:

The purpose of the Project is to repair and maintain the ocean outfall pipeline associated with the San Simeon Wastewater Treatment Plant.

The proposed project activities include:

- Removing the existing marine biofouling on the end of the outfall;
- Installing a 67 cubic foot grout mattress over the pipeline end manifold;
- Pumping marine cementitious grout into the grout mattress;
- Placing 150 burlap bags filled with 50 pounds of marine grout as needed under free spanning sections of the outfall pipe, and;
- Replacing the existing sacrificial anode with a new anode for pipeline protection.

No mitigation is proposed.
