Project Applicant: Santa Clara Valley Transportation Authority – Ann Calnan

Applicant's Agent: H.T Harvey & Associates – Steve Rottenborn

Project Name: US 101-SR 25 Improvement Project Phase 1

Receiving Water: Gavilan Creek

City/County: Unincorporated / Santa Clara

Public Notice: June 11, 2024 – July 2, 2024

Project Description:

The purpose of the Project is to replace the US 101/SR 25 interchange to address increased traffic demand, higher than average accident rates in the interchange area, and southbound US 101 off-ramp traffic that backs up onto the mainline.

The proposed project activities include:

- Demolishing and replacing the existing SR 25 overcrossing with a new overcrossing;
- Construction of a bridge extending over Gavilan Creek;
- Construction of biofiltration swales to treat roadway runoff from SR 25; and
- Placing rock slope protection where the biofiltration swales outfall into Gavilan Creek.

No mitigation activities are proposed.
