

The San Benito Resource Conservation District (SBRC D) in partnership with the USDA-Natural Resource Conservation Service (NRCS), CA Dept. of Water Resources (DWR) and the Water Resources Association of San Benito Co. (WRASBC) is pleased to announce:

A Free Water Irrigation Workshop for Growers

Wednesday March 16, 2016

9:00 am. - 11:00 am. Workshop & 11:00 am. – 12:00 pm. Site Visit

30 Mansfield Rd. Hollister, CA

The workshop will walk participants through an irrigation worksheet; show participants how to use CIMIS and how to factor in salinity to the decision-making process of how much water to apply and how often to irrigate. Workshop will also provide:

- * Technical Assistance
- * Record Keeping
- * Calculating inches Applied
- * Demonstrate the Use of Flow Meters
- * Phone Apps
- * Computer Tools to monitor crop ET
- * Adjust irrigation to match soil intake rate, weather, crop stage and salinity of the soil

Invited Vendors:

David Gustafson: Crop Production Service

Kurt Eilers: Acurity Agriculture

Perry Bruce: A Multi Service Resource

Ashwin Madgavkar: Ceres Imaging

Gil Luera: Hortau Simplified Irrigation
