ORDER AMENDING CLEAN WATER ACT SECTION 401 TECHNICALLY CONDITIONED WATER QUALITY CERTIFICATION; SUTTER BUTTE FLOOD CONTROL AGENCY, YUBA CITY BOAT RAMP SEDIMENT REMOVAL PROJECT (WDID#5A51CR00124A1), SUTTER AND YUBA COUNTY

This Order responds to the 10 January 2025 request for an amendment of the Yuba City Boat Ramp Sediment Removal Project (Project) Section 401 Water Quality Certification (WDID# 5A51CR00124). The original Water Quality Certification (Certification) was issued on 3 May 2025. The requested amendment is hereby approved. The original Certification is therefore amended as described below. Please attach this document to the original Certification.

AMENDMENT:

Sutter Butte Flood Control Agency is requesting a time extension through 22 June 2031. A time extension was authorized by the United States Army Corps of Engineers on 22 July 2021.

The Certification is amended to reflect the updated expiration date of 22 June 2031.

APPLICATION FEE RECEIVED:

No fee was required for this amendment. Total fees of \$551.00 for the original Certification were received on 24 November 2020. The fee amount was determined as required by California Code of Regulations, title 23, sections 3383(b)(3) and 2200(a)(3), as was calculated as category D - Ecological Restoration and Enhancement Projects (fee code 85) with the dredge and fill fee calculator.

Annual Fees: This Certification is subject to annual billing based on the fee schedule in effect at the time of billing. Annual billing will continue until the Project, including monitoring, is complete and the Water Board receives an acceptable request for a Notice of Project Complete Letter (see Attachment D). Annual invoices are issued for projects active for any amount of time in the current fiscal year (1 July – 30 June).

To stop annual billing, the Permittee must request a Notice of Project Complete Letter from the Water Board. Water Board staff will verify if the conditions of the Certification are met and may conduct a site visit to confirm compliance.
