Fresno, CA 93775

### ***APPROVAL OF A REVISED QUALITY ASSURANCE PROJECT PLAN FOR THE WESTLANDS WATER QUALITY COALITION***

The Central Valley Water Board received a revision to the Westlands Water Quality Coalition's Quality Assurance Project Plan (QAPP) on 13 June 2024. The revision was prepared to meet the requirements of Waste Discharge Requirements General Order for Growers within the Western Tulare Lake Basin Area Order No. R5-2014-0001-08 and the QAPP Guidelines cited therein.

Central Valley Water Board staff, in coordination with the State Water Resources Control Board Quality Assurance Officer (QAO), reviewed the revised QAPP. The attached checklist documents the review. The final submittal addresses initial staff and QAO comments and includes all the required elements from the QAPP Guidelines.

I approve the revised QAPP based on the staff and QAO's review. If you have questions about this letter, please contact Yared Kebede at [yared.kebede@waterboards.ca.gov](mailto:yared.kebede@waterboards.ca.gov).
