

Request for Comments on Irrigated Lands Regulatory Program Surface Water Quality Management Plans – Due 27 May 2026

Dear Stakeholders and Interested Parties,

The Central Valley Water Board is inviting the public and other stakeholders to submit written comments on the following Surface Water Quality Management Plans:

Waterbody	Submittal Type	Lat/Long	Constituent	Coalition Area
Chanac Creek	Addendum	35.111720, -118.614930	Total Zinc	Kern River Watershed Coalition Authority

The Irrigated Lands Regulatory Program (ILRP) implements surface water monitoring requirements to protect beneficial uses and ensure irrigated agricultural operations comply with water quality objectives outlined in applicable Basin Plans. Under ILRP General Orders, a Surface Water Quality Management Plan must be developed and implemented when a water quality objective is exceeded more than once within a three-year period at a specific monitoring site.

Comments must be received **by 5:00 pm on 27 May 2026** to be considered during staff review of the proposed management plans. To request a copy of the submittals or submit comments, please contact Mary Church at Mary.Church@waterboards.ca.gov or via phone at (559) 445-5577. Written comments can be mailed to the following address:

Central Valley Regional Water Quality Control Board
