California 92284; Assessor Parcel Number 060137306. The Tentative Order alleges the Discharger is operating an OWTS (i.e., discharging waste) in violation of a prohibition in the Water Quality Control Plan for the Colorado River Basin Region (Basin Plan), specifically the prohibition outlined in [Chapter 4, Section H.2.iii](#) (pp. 4.6–4.11). (https://www.waterboards.ca.gov/coloradoriver/water_issues/programs/basin_planning/docs/2023/rb7-basin-plan-e032023.pdf#page=64).

The Colorado River Basin Water Board has scheduled a hearing to consider issuance of the Tentative Order at its upcoming public meeting on **December 10, 2024**. The hearing will be conducted in-person at Palm Desert City Hall, Council Chambers in Palm Desert, California, with an option for remote participation via the Zoom videoconferencing platform. In accordance with the Bagley-Keene Open Meeting Act (Gov. Code, § 11120 et seq.), an agenda will be posted to the [Board's website](#) (https://www.waterboards.ca.gov/coloradoriver/board_info/agenda/) at least 10 days in advance of the meeting.

At the hearing, the Colorado River Basin Water Board members will receive testimony regarding the alleged violations. At the hearing, the Board may: (a) issue the Tentative Order as a CDO,¹ with or without modifications; (b) decline to issue the Tentative Order; or (c) continue the hearing to a later date.

Adoption of Hearing Procedure

Attached to this Notice is the adopted Hearing Procedure dated October 31, 2024, which governs the conduct of proceedings related to consideration of the Tentative Order. For the purposes of California Code of Regulations, title 23, section 648 et seq., the adopted Hearing Procedure (including any subsequent revisions thereto) shall be incorporated as part of this Notice.

¹ Adoption, rescission or modification of a CDO requires “[a] majority vote of the entire membership of a regional board.” (Wat. Code, § 13306.)

Hearing Date:
December 10, 2024

C. Ex Parte Contacts Prohibited

To maintain the Colorado River Basin Water Board's impartiality, ex parte contacts are prohibited. (See, e.g., Gov. Code, § 11430.10 et seq.) Ex parte contacts are those communications that are directed at the Colorado River Basin Water Board members or the Advisory Team members, regarding the pending matter, and which are not communicated in a manner open to all other persons. Communications regarding non-controversial procedural matters are not considered ex parte contacts, and are therefore not restricted under this Hearing Procedure.

To avoid ex parte contacts in pre-hearing communications, the Discharger' and their representatives should ensure that the Prosecution Team is copied on all written and email correspondence directed to the Advisory Team, and *vice-versa*.

² The Prosecution Team indicates that the Discharger provided them with this email address on August 30, 2023, with the expressed intent that it be used for future communications.

Hearing Date:
December 10, 2024

D. Interested Persons (Non-Parties)

The Colorado River Basin Water Board will consider written comments submitted by members of the public that are interested in the pending matter (Interested Persons). The parties to the proceeding will be permitted to submit formal written responses to Interested Person written comments. To allow for such responses, all written comments shall be submitted as early as possible, and not later than 5:00 pm on **November 26, 2024**.

Interested Persons will also be provided the opportunity to orally present general policy statements to the Colorado River Basin Water Board at the hearing. Such statements will be limited to **3 minutes** per Interested Person for this hearing, though the Board Chair may grant additional time on a case-by-case basis. Interested Persons do not need to submit written statements in order to speak at the hearing.

Unless they are formally recognized as a “Designated Party” per the Hearing Procedure, Interested Persons are not parties entitled to directly participate in the proceeding, except as provided above. Interested Persons will not be permitted to present evidence (e.g., photos, eyewitness testimony, etc.). They are also not subject to cross-examination, but may be asked to respond to clarifying questions from the Colorado River Basin Water Board or the Advisory Team. Although the Board will consider oral and written comments from Interested Persons on matters of general policy, such comments are not admissible as evidence.

E. Applications for “Designated Party” Status

By default, the only parties to an adjudicative enforcement proceeding are: (1) the Prosecution Team; and (2) the Dischargers named in the proposed order. (See Gov. Code, § 11405.60; Title 23, § 648.1, subd. (a).) In some circumstances, however, it may be appropriate for certain Interested Persons to participate directly in the proceeding as a “Designated Party.” (Gov. Code, § 11440.50, Title 23, § 648.1, subd. (a).) Such determinations shall be made discretionarily on a case-by-case basis by the Executive Officer, at the direction of the Board Chair.

To request “Designated Party” status, Interested Persons must submit a written request to the Advisory Team no later than 5:00 pm on **November 5, 2024**. The written request must include the following information:

- (1) An explanation of how the issues to be addressed at the hearing substantially affect the person requesting Designated Party status (Applicant);

Hearing Date:
December 10, 2024

- (2) Why the Applicant believes that the Prosecution Team and Discharger(s) will not adequately represent their interests;
- (3) A summary of the evidence that the Applicant seeks to present at the hearing, including whether they seek to present their own witness testimony; and
- (4) Whether the Applicant seeks to cross-examine the other parties' witnesses.

The Advisory Team will promptly respond to all timely written requests for Designated Party status. The Advisory Team may request further information before the determination is made. A request for Designated Party status shall not be granted if, in the totality of circumstances, it appears that such designation will impair the interests of justice and the orderly and prompt conduct of the proceeding. The Executive Officer, at the direction of the Board Chair, may impose restrictions on the requestor's hearing participation, including limiting or excluding the use of cross-examination and other procedures to promote the orderly and prompt conduct of the proceeding. (Gov. Code, § 11440.50, subd. (c).)

In the event that "Designated Party" status is granted, this Hearing Procedure may be revised as appropriate.

F. Pre-Hearing Submittals

To avoid the introduction of surprise testimony and exhibits (Title 23, § 648.4, subd. (a)), and to minimize the need for oral argument and testimony at the hearing, this Hearing Procedure requires the parties to submit documentary evidence (§ 648.4, subd. (c)), witness information (§ 648.4, subd. (b)), and legal/technical memoranda to the Advisory Team prior to the hearing. Absent a showing of good cause and lack of prejudice to the parties, the Board Chair may exclude materials that are not submitted in accordance with this Hearing Procedure. Excluded materials will not be considered by the Board. (§ 648.4, subd. (e).)

1. Prosecution Team Pre-Hearing Submittals

a. Required Materials

No later than **November 12, 2024**, the Prosecution Team shall submit the following materials to the Advisory Team and the Discharger:

- (4) A table listing each document included as part of the submittal. The table shall include the following columns: *Document Title*; *Exhibit Number*; *Exhibit Date* (i.e., when the document was generated); and *File Name*.

The Prosecution Team need not include excerpts from the Water Quality Control Plan for the Colorado River Basin Region (Basin Plan) as an “exhibit.” The Advisory Team will provide Board Members with copies of [Chapter 4, Section H.2.iii](https://www.waterboards.ca.gov/coloradoriver/water_issues/programs/basin_planning/docs/2023/rb7-basin-plan-e032023.pdf#page=64) of the Basin Plan (https://www.waterboards.ca.gov/coloradoriver/water_issues/programs/basin_planning/docs/2023/rb7-basin-plan-e032023.pdf#page=64) prior to the hearing.

a. Required Materials

No later than **November 19, 2024**, the Discharger shall submit the following materials to the Advisory Team:

- (1) Any additional documentary evidence that supports the Discharger's position with respect to the proposed order. These materials shall be separately designated as sequentially-numbered exhibits, starting with "Exhibit 1."
- (2) [OPTIONAL] A memorandum articulating the Discharger's legal arguments and technical analyses in support of their position(s) with respect to the proposed order.
- (3) A Witness Information Sheet containing the name of each witness the Discharger intends to call to testify at the hearing; the subject matter of their testimony and the estimated time required for each witness. By default, subdivision (f) of Title 23, section 648.4 permits parties to introduce Rebuttal Evidence for the first time during the hearing. However, the Hearing Procedure may waive this provision and require pre-submission of Rebuttal Evidence (Title 23, § 648, subd. (d).)

Hearing Date:
December 10, 2024

To maintain fairness, ensure orderly conduct of the proceeding, and avoid “surprise evidence” (see Title 23, § 648.4, subd. The requirement to submit rebuttal evidence in advance of the hearing applies only to rebut timely-submitted written evidence; the Parties will have the opportunity to rebut oral testimony submitted at the hearing.

The parties may elect to submit written responses to written comments from Interested Persons. All such responses must be submitted to the Advisory Team by **December 3, 2024**. December 10, 2024

9. Presentation Slides [All Parties; Mandatory If Slides Are Used]

No later than **December 3, 2024**, the parties shall provide the Advisory Team with their presentation slides for use at the hearing. Hard copies and mailings will not be accepted by the Advisory Team.

G. Conduct of Hearing

1. Hearing Time Limits

“Adjudicative proceedings shall be conducted in a manner ... deem[ed] most suitable to the particular case with a view toward securing relevant information expeditiously without unnecessary delay and expense to the parties and to the Board.” (Title 23, § 648.5, subd. (a).) To that end, it has been determined that the following time limits shall apply to the Parties at the hearing.

Prosecution Team: **20 Minutes**

Discharger: **20 Minutes**

The above time limits are based on the Advisory Team’s review of the allegations within the Tentative Order, and based on experience in similar enforcement proceedings, and any input from the parties.

The parties may allocate their allotted time as they see fit between presenting evidence and testimony, cross-examining adverse witnesses, and making a closing statement. Discussions on procedural issues will not count against the parties’ allotments. A timer will be used to track how much time has elapsed. This timer will be paused during Board questions and party responses to Board questions. Additional time may be provided at the discretion of the Board Chair (at the hearing), upon a showing that additional time is necessary.

2. Witness Testimony

At the hearing, witness testimony shall be limited to those subjects previously specified in the Witness Information Sheet (see above). Upon request, the Board may permit testimony on additional subjects, provided that it will not result in undue prejudice to the other parties.

Hearing Date:
December 10, 2024

All witnesses who have submitted written testimony shall be available to appear during the hearing (to affirm that the testimony is true and correct), and shall be subject for cross-examination. The failure of a witness to be available during the hearing may result in the submitted testimony being treated as hearsay. (Title 23, § 648.4, subds. (d)-(e).)

All persons intending to testify at the hearing shall take the oath administered by the presiding officer. (Gov. Code, § 11513; Cal. Code Regs., tit. 23, § 648.5, subd. (a)(3).)

3. Rules of Evidence

The proceeding shall be conducted in accordance with the provisions and rules of evidence set forth in Government Code section 11513. Hearsay shall be admissible as evidence, subject to the provisions of Government Code section 11513. Evidence already in the Colorado River Basin Water Board's files may be submitted by reference if the location of the evidence is clearly identified. (Cal. Code Regs., tit. 23, § 648.3.)

4. Presentations

Slide presentations (e.g., PowerPoint) may be used at the hearing, provided their contents do not exceed the scope of previously submitted material. Colorado River Basin Water Board administrative staff will be running the presentation at the party's direction.

H. Requests for Extensions

Parties may request the extension of any deadline specified in this Hearing Procedure. Such requests shall be made via email to the Advisory Team, with the other parties copied on the email. The granting or denial of a request shall be exclusively within the discretion of the Executive Officer, at the direction of the Board Chair.

I. Modifications to Hearing Procedure

This Hearing Procedure may be revised by the Board Chair after appropriate notice and opportunity to be heard. For the purposes of this section, the extension of a deadline shall not be construed as a revision to the Hearing Procedure.

Hearing Date:
December 10, 2024

J. Communications

To the extent practicable, all communications between the parties prior to the hearing shall occur via email, per the email addresses listed in **Section B**. The Parties are encouraged to communicate among themselves in whatever manner they determine to be most conducive to the expeditious resolution of this matter.

At a minimum, all emails to the Prosecution Team shall include Prosecution Team attorney (David.Boyers@WaterBoards.ca.gov), who shall serve as the primary point of contact for the Prosecution Team (i.e., in lieu of including all members on the email). Alternatively, the parties may elect to include all Prosecution Team members on each email.

The Discharger, Rebecca Russell (lawoman90032@yahoo.com), shall serve as the principal point of contact. **The Prosecution Team shall also promptly provide the Discharger with mailed copies of any materials upon her request.**

All emails to the Advisory Team shall be directed to the Advisory Team attorney (David.Lancaster@WaterBoards.ca.gov), who shall serve as the primary point of contact for the Advisory Team. The parties may elect to include other members of the Advisory Team as well. However, the other parties' principal point(s) of contact must be included on all communications with the Advisory Team. See **Section C** for prohibition on ex parte contacts.

[The Discharger need not include the Advisory Team on emails directly to the Prosecution Team. There are no limitations on communications between the Discharger and Prosecution Team.]
