Public Notice No. 7-26-24
Date: July 1, 2026

NOTICE OF OPPORTUNITY FOR PUBLIC COMMENT

**PROPOSED UNDERGROUND STORAGE TANK CASE CLOSURE
PURSUANT TO
LOW-THREAT CLOSURE POLICY
FOR**

**SOCO NUMBER 60, 1690 SOUTH 4TH STREET, EL CENTRO, IMPERIAL COUNTY,
GEOTRACKER GLOBAL ID NO. T10000006437**

NOTICE IS HEREBY GIVEN that the California Regional Water Quality Control Board, Colorado River Basin Region (Regional Water Board) will accept written comments on the proposed underground storage tank (UST) case closure for the SoCo Number 60 located at 1690 South 4th Street, El Centro, Imperial County (Site), GeoTracker Global ID No. T10000006437.

This UST Site is being proposed for case closure pursuant to the State Water Resources Control Board's (State Water Board) Water Quality Control Policy for Low-Threat UST Case Closure (Low-Threat Closure Policy or Policy), adopted through Resolution No. 2012-0016 on August 17, 2012. Under this Policy, the State Water Board staff determined that certain UST cases are appropriate for closure if they pose a low threat to human health, safety, and the environment. Low threat is established under the Policy by demonstrating the UST case meets the general and media-specific criteria established in the Policy, satisfies the requirements of Health and Safety Code section 25296.10, and is consistent with State Water Board Resolution 92-49's requirement that cleanup goals and objectives be achieved within a reasonable time.

Regional Water Board UST staff have completed a review of the case identified above and determined that the case meets the general and media-specific closure criteria outlined in the Policy, complies with Health and Safety Code section 25296.10, and is consistent with State Water Board Resolution 9249. Based on these findings, staff will recommend case closure to the Executive Officer. This recommendation is based on the specific facts and circumstances of this UST case.

The UST case record that is the basis for determining compliance with the Policy is available on the State Water Board's GeoTracker database at: https://geotracker.waterboards.ca.gov/profile_report.asp?global_id=T10000006437 or scan the QR Code:

Pursuant to the Policy, the Regional Water Board staff is providing notice of the proposed UST case closure to: the responsible party, environmental consultant on record, municipal and county water districts, water replenishment districts, special act districts with groundwater management authority, local water purveyor, agencies authorized to issue building permits for land affected by the petroleum release, owners and occupants of the property impacted by the petroleum release, and owners and occupants of all parcels adjacent to the impacted property, as applicable. This Notice will also be posted on the Regional Water Board's website.

DOCUMENT AVAILABILITY

A draft of the Case Closure Summary has been prepared for the SoCo Number 60 and serves as the basis for UST Cleanup staff's recommendation for case closure to the Regional Water Board's Executive Officer. The document can be viewed or downloaded from the GeoTracker database at the link provided above. Copies of the draft Case Closure Summary are also available upon request by contacting Mr. Jeff Fitzsimmons at jeffrey.fitzsimmons@waterboards.ca.gov or (760) 776-8973.

SUBMISSION OF WRITTEN COMMENTS

The Regional Water Board will accept written comments on the proposed case closure during a sixty (60) day public comment period, beginning **July 1, 2026**, and ending **August 31, 2026**. Persons wishing to submit written comments on the proposed case closure are requested to do so by **5:00 pm on August 31, 2026**, to be given sufficient consideration.

Interested persons are encouraged to submit their comments electronically. Comments can be submitted to Mr. Jeff Fitzsimmons via e-mail: jeffrey.fitzsimmons@waterboards.ca.gov (if less than 10 megabytes in total size), or by fax at (760) 341-6820 with the subject "**Comment Letter – the SoCo Number 60, Imperial County; Global ID No. T10000006437**".
