Project Description:

The California Department of Transportation (Caltrans) proposes to rehabilitate the structural integrity of the eastbound and westbound bridges located at I-10 Post Mile (PM) R91.9 that cross over the Orris Ditch. These structures have been identified as scour critical according to the Caltrans Bridge Inspection Record Information System and are prone to undermining and scouring. If left unmitigated, the slope protection will continue to deteriorate. Work is scheduled to begin in January 2024, will require

approximately ten months to complete, and will result in both temporary and permanent impacts to waters of the state.

Anticipated Project Start and End Dates:

January 2024 – October 2024
