Project Name:

Hell's Kitchen Geotechnical Investigation Project, Imperial County, California
WDID No. 7A133187001, RM: 458122, Place ID: 896112

Receiving Water(s):

Salton Sea

Location:

City or Area:

The project site is located near the southeastern section of the Salton Sea, about 3.5 miles west and 0.9 miles south of the Community of Niland, Imperial County, California, 92257.

Latitude/Longitude:

33.226777° N, 115.580638° W

Section, Township, Range:

Section 11 and 12 Township 11 South, Range 13 East

Project Description:

Hell's Kitchen Geothermal, LLC, will be conducting a geotechnical investigation to support the design and construction of a geothermal and lithium facility. The geotechnical investigation will involve drilling boring holes for geophysical surveys, cone penetrometer testing, and traditional test boring.

Approximately 0.001225511 acres of temporary impacts to waters of the U.S./state are proposed. No permanent impacts are identified. The temporarily impacted areas will be restored to pre-Project conditions upon completion.

Anticipated Project Start and End Dates:

October 2024 – February 2025

US Army Corps of Engineers Nationwide Permit Number(s):

6

Action:

Pending
