

SMALL WATER SYSTEMS PROGRAM PLAN MONTHLY UPDATE

September 2013

Summary:

The Small Water Systems Program Plan (SWSP) tracks the progress of small water systems that are in violation of a primary constituent MCL by meeting specific milestones. There are a total of **183** community water systems that have between 15 and 999 service connections listed on the SWSP. The total population targeted on the SWSP is approximately 60,000 and the total number of service connections is approximately 18,000. There are eight types of primary drinking water standards that are violated by these systems. The total numbers of water systems that are violating primary drinking water standards are: 107 Arsenic, 61 Nitrate, 11 Uranium, 2 Gross Alpha, 9 Surface Water, 2 Perchlorate, 1 DBCP, and 1 Fluoride (some systems exceed more than one standard).

Progress:

A small water system listed on the SWSP is measured on progress in returning to compliance by meeting specific milestones/goals. These milestones/goals are as follows: issuance of a compliance order, submittal of a universal pre-application for funding, placement on the Safe Drinking Water State Revolving Fund (SDWSRF) project priority list (PPL), invitation for funding, submittal of a statement of intent (SOI) to pursue funding, submittal of a funding application, execution of a funding agreement, and finally, the return of the water system to compliance by solving the problem.

Every unsolved system on the list has met the following milestones:

- Received a compliance order
- Submitted a universal pre-application for funding
- Placed on the SDWSRF PPL and invited for funding

Water Systems Receiving Executed Construction Funding Agreement in September 2013:

- None to report

Water Systems Solved in September 2013 :

- 3400149 – Rancho Marina (Sacramento County)- Rancho Marina serves approximately 250 people through 77 connections. The Sacramento County Environmental Management Department issued the latest enforcement action (compliance order/citation) on April 16, 2012, for exceeding the arsenic MCL. Rancho Marina installed an arsenic treatment system and currently delivers clean

water to its customers. After four quarters of delivering water below the MCL, Sacramento County will officially return the system to compliance. The system did not apply for funding or request technical assistance.

Progress statistics through September 2013 are as follows:

Progress Status	Current Status Total	Previous Status Total
Solved/Returned to compliance	20	19
Under construction with CDPH funding	18	18
Construction underway, privately financed	3	4
Awaiting CDPH construction funds, complete application submitted	18	16
Received CDPH planning funds, work to be completed within 18 months	53	53
Awaiting CDPH planning funds, complete application submitted	24	25
Total amount funded by CDPH (in millions)	\$ 73	\$ 73
Systems referred for technical assistance	129	129

Solved/Returned to compliance – 20

0400027	Foothill Mobile Home Park (Butte)	3301755	Sunbird MHP (Riverside)
0600013	Princeton Water District (Colusa)	3400149	Rancho Marina (Sacramento)
1000366	Sunnyside Convalescent Hosp (Fresno)	4400595	Villa Del Monte (Santa Cruz)
1000472	PG&E Helms Support Facility (Fresno)	4400598	Pure Source (Santa Cruz)
1000585	Murrieta/ Hernandez Farms (Fresno)	4900845	Rancho De Sonoma (Sonoma)
1400004	Charles Brown Water Company (Inyo)	4900723	Shamrock MHP (Sonoma)
2700706	Queen Motel (Monterey)	5400663	Fairways Tract Mutual (Tulare)
2910011	Plavada Community Association (Nevada)	5400660	Lake Success Mobile Lodge (Tulare)
3000662	Catalina Street Pump Owners (Orange)	5402047	Gleanings for the Hungry (Tulare)*
3000663	Diamond Park MWC (Orange)	2701670	Langley Cyn/Valle Pacifico (Monterey)

**System delivering clean water below the MCL to customers via POU*

Under construction with CDPH funding – 18

0400058	Rancho Villa Mobile Acres (Butte)	2702762	Lonoak Road Water System (Monterey)
