

State Water Resources Control Board

Acceptable Safety Continuing Education Topics

You are not required to submit safety classes for your renewal. However if they are included, no more than 25% of your required hours may be safety related. All classes, presentations and meetings must be a minimum of 50 minutes long and multiple short classes over different days cannot be added together to equal one contact hour.

Below is a list of Acceptable Safety Topics. This list is not complete but is representative of topics that have been reviewed and approved.

- Active Shooter
- Air Quality
- ARC Flashing
- Asbestos Awareness/Asbestos Safety
- Automated External Defibrillator (AED)
- Back Injury Safety
- Backhoe Training
- Bugs and Bees
- Chlorine Handling and Awareness
- Combustible and Flammable Liquids
- Compressed Gas Safety
- Confined Space
- Construction Safety
- CPR
- Crane Training and Safety
- Defensive Driving
- Dog Bite Prevention
- DOT
- Electrical Safety
- Ergonomics
- Eye Safety
- Excavation
- Evacuation Procedures
- Fall Protection
- Fire Extinguisher
- Fire Prevention
- First Aid
- First Responder
- Flagger
- Fleet Driving

Forklift Training
Gas Detection
Globally Harmonized System (GHS)
Hand and Power Tool Safety
Hazard Communication Standard (HCS)
Hazardous Material Communication
Hazardous Material Operations/Handling
Hazardous Waste Management
Hazardous Waste Operations and Emergency Response (Hazwoper)
Hearing Conservation
Heat Stress
Hoist
Hot Work
Illness/Injury Prevention Program
Illness Prevention
Incident Investigation
Indoor Air Quality
Laboratory Safety
Ladder Safety
Lock Out / Tag Out (LOTO)
Low Voltage Safety
Machine Guarding
Material Safety Data Sheets (MSDS)
Materials Handling
NFPA 70E (National Fire Protection Association Electrical Code)
OSHA Training (Must be related to Drinking Water)
Personal Protective Equipment (PPE)
Protective Clothing
Radiation Safety
Reptiles
Respiratory Protection
Rigging
Risk Analysis
Risk Management
Self-Contained Breathing Apparatus (SCBA)
Shoring
Slips, Trips and Falls
Trenching
Traffic Control
Welding Safety
Working in Extreme Temperatures
