TO ALL INTERESTED PERSONS AND AGENCIES:

## TENTATIVE WASTE DISCHARGE REQUIREMENTS

Enclosed are tentative waste discharge requirements and monitoring and reporting program for the US Forest Service, LTBMU South Shore Fuel Reduction and Healthy Forest Restoration Project.

The Water Board anticipates considering waste discharge requirements for the LTBMU South Shore Project at a future Lahontan Water Board Meeting. The Water Board requests that you review the enclosed documents and provide us with your written comments no later than **May 10, 2010**. Comments received after that date may not be given full consideration in preparation of the recommended Order to be presented to the Board for adoption.

You may contact me at (530) 542-5426 if you should have any questions or wish to discuss the waste discharge requirements.

....NOTICE....

**Submittal of Written Material for Regional Board Consideration**

In order to ensure that the Regional Board has the opportunity to fully study and consider written material, it is necessary to submit it at least ten (10) days before the meeting. This will allow distribution of material to the Board Members in advance of the meeting. Pursuant to Title 23 California Code of Regulations Section 648.4, the Regional Board may refuse to admit written testimony into evidence unless the proponent can demonstrate why he or she was unable to submit the material on time or that compliance with the deadline would otherwise create a hardship. If any other party demonstrates prejudice resulting from admission of the written testimony, the Regional Board may refuse to admit it.

A copy of the procedures governing Regional Water Board meetings may be found at Title 23, California Code of Regulations, Section 647 et seq., and is available upon request. Hearings before the Regional Board are not conducted pursuant to Government Code Section 11500 et seq.
