1. Personnel Report – *Sandra Lopez*

Vacancies

- Environmental Program Manager I (Supervisory), South Lake Tahoe. This position will manage the Divisions of the following technical programs: Basin Planning & Assessment, SWAMP, Non-Point Source, Forestry/Dredge & Fill, Lake Tahoe Total Maximum Daily Load (TMDL) and Regional Monitoring/Climate Change.
- Staff Services Analyst, South Lake Tahoe. This position will provide support to technical and administrative staff, ensure documents comply with accessibility standards, assist with process improvements, prepare agenda items and staff documents for distribution, and provide administrative support at regional board meetings held throughout the region. Due to budgetary constraints, Water Boards hiring is on pause.
- Environmental Scientist, Forestry-Dredge & Fill Unit. The position will apply scientific methods and principles necessary for the protection of water quality within the Lahontan Region. Responsibilities will include such activities as field work, drafting permits, providing technical expertise, evaluating and assisting in the drafting of environmental documents, making policy recommendations, and performing sensitive assignments throughout the Lahontan Region.
- Water Resource Control Engineer, Forestry-Dredge & Fill Unit. This position will coordinate with the federal land management agencies and the California Department of Forestry and Fire Protection in reviewing timber harvest plans (THPs), Working Forest Management Plans (WFMPs), Non-industrial Timber Management Plans (NTMPs), utility corridor vegetation management plans, and timber harvest exemptions to evaluate the impact of logging operations and other forest practices on the quality and beneficial uses of water. Review projects that

may affect waters of the US and state to ensure compliance with the requirements of the Water Quality Control Plan for the Lahontan Region (Basin Plan). Prepare Clean Water Action Section 401 water quality certifications and/or waste discharge requirements (WDRs) for project compliance with all regulatory requirements. Due to budgetary constraints, this vacancy will not be posted at this time.

- Environmental Scientist, Cannabis Unit. This position provides regulatory oversight of cannabis cultivation projects under the statewide Cannabis General order. Due to budgetary constraints, this vacancy will not be posted at this time.
- Scientific Aid, Regulatory and Enforcement Unit. This position will be reviewing Self-Monitoring Reports submitted from facilities under permit. The reports will be associated with discharges to land, and surface water. The facilities vary from construction sites to wastewater treatment plants. Due to budgetary constraints, Water Boards hiring is on pause.
- Scientific Aid, Non-Point Source and Forestry/Dredge & Fill Units, South Lake Tahoe. This position will evaluate water quality data, assist with harmful algal bloom response, and assess compliance with water quality orders and permits associated with grazing, restoration, timber, and forestry activities. Due to budgetary constraints, this vacancy will not be posted at this time.
