

Lahontan Regional Water Quality Control Board

******NOTIFICATION******

**NOTICE OF ADOPTION MEETING FOR
AN AMENDMENT TO THE WATER QUALITY CONTROL PLAN
FOR THE LAHONTAN REGION
TO DESIGNATE TRIBAL BENEFICIAL USES IN THE MONO BASIN**

NOTICE IS HEREBY GIVEN that the Lahontan Regional Water Quality Control Board (Lahontan Water Board) will consider the adoption of an amendment to the Water Quality Control Plan for the Lahontan Region (Lahontan Basin Plan) to Designate Tribal Beneficial Uses in the Mono Basin (Mono Basin BPA). The Lahontan Basin Plan identifies beneficial uses of surface and ground waters, establishes water quality standards for protecting the beneficial uses, and describes implementation programs for achieving water quality standards.

The proposed Mono Basin BPA makes changes to Basin Plan Chapter 2, Present and Potential Beneficial Uses, Table 2-1, to designate the Tribal Tradition and Culture (CUL) and the Tribal Subsistence Fishing (T-SUB) Beneficial Uses to Mono Lake, and the CUL use to specific waterbodies located in the Mono Hydrologic Unit. Waterbodies proposed for CUL designation not currently named in Basin Plan Table 2-1 will be added to the Mono Hydrologic Unit portion of Table 2-1. Explanatory language regarding the origin and intent of the CUL and T-SUB uses will be added to Basin Plan Chapter 2 in the introductory section titled: Present and Potential Beneficial Uses. The proposed T-SUB and CUL designations respond to requests made by the Mono Lake Kootzaduka'a Tribe and Bridgeport Indian Colony.

NOTICE IS HEREBY GIVEN that the Lahontan Water Board is proposing to amend the Lahontan Basin Plan in accordance with a regulatory program exempt under Section 21080.5 of the Public Resources Code. State regulations require that Basin Plan amendments that are "projects" for purposes of the California Environmental Quality Act (CEQA), be accompanied by substitute environmental documentation (SED) (23 CCR § 3775-3781). The proposed Mono Basin BPA is a project under CEQA and the final SED will be available for review at least 30 days prior to the public adoption meeting as detailed below.
