March 11, 2002

Mr. Richard D. Sandell  
Operations Manager  
Paktank Corporation – Los Angeles Terminal  
401 Canal Avenue  
Wilmington, CA 90744

Dear Mr. Sandell:

**COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS – PAKTANK CORPORATION, LOS ANGELES TERMINAL, 2200 EAST PACIFIC COAST HIGHWAY, WILMINGTON, CALIFORNIA (NPDES NO. CAG674001, CI-8383)**

We have completed our review of your application for a permit to discharge hydrostatic test water under the National Pollutant Discharge Elimination System (NPDES).

Based on the attached Fact Sheet and other information provided, we have determined that the proposed discharge of hydrostatic test water meets the conditions to be regulated under Order No. 97-047, *General National Pollutant Discharge Elimination System Permit and Waste Discharge Requirements For Discharges of Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on May 12, 1997.

Enclosed are your Waste Discharge Requirements, which also serve as your NPDES permit, consisting of Order No. 97-047 and Monitoring and Reporting Program No. CI-8383. The discharge limits in Part E, and Attachment B of Order No. 97-047 are applicable to your discharge. The groundwater discharge flows into the Dominguez Channel, therefore, the discharge limits in Attachment A of Order No. 97-047 are not applicable to your discharge. Before commencing discharge, a representative sample of the effluent shall be taken and analyzed to determine compliance with the discharge limitations.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-8383 and NPDES No. CAG674001", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.

In order to avoid future annual fees, please submit written notification when the project has been completed and the permit is no longer needed.

### California Environmental Protection Agency

\*\*\*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption\*\*\*  
\*\*\*For a list of simple ways to reduce demand and cut your energy costs, see the tips at: <http://www.swrcb.ca.gov/news/echallenge.html>\*\*\*

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.
