**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE REQUIREMENTS
- LION CREEK BRIDGE, OJAI, CALIFORNIA
(FILE NO. 08-043, ORDER NO. 93-010, SERIES NO. 031, CI-9401)**

Dear Ms. Bergen:

In our letter dated May 28, 2009, we informed you that the subject discharge is regulated under Waste Discharge Requirements (WDR) Order No. 93-010, Series No. 031.

By letter dated August 10, 2010, you notified the Regional Water Quality Control Board (Regional Board) that discharge of groundwater for construction of concrete supporting piles is complete and that you request termination of the WDR.

The monitoring results were provided to the Regional Board in the *Second Quarter 2010 Monitoring Report*, dated April 26, 2010. Since the discharge of groundwater has been completed, and the WDR is no longer needed, the coverage under Regional Board Order No. 93-010, Series No. 031 for the subject facility is hereby terminated.

If you have any questions, please call the Project Manager, Mr. David Koo, at (213) 620-6155 or the Section Chief of Groundwater Permitting and Land Disposal, Dr. Rebecca Chou, at (213) 576-6618.

Sincerely,

Samuel Unger, P.E.
Executive Officer
