## Los Angeles Regional Water Quality Control Board

March 16, 2016

Dr. Kofi Sefa-Boakye  
City of Compton  
205 South Willowbrook Avenue  
Compton, California 90220

**TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE REQUIREMENTS  
– FORMER COMPTON TAMARIND TRANSIT PROPERTY, 509 NORTH TAMARIND  
AVENUE, COMPTON, CALIFORNIA (FILE NO. 08-143, ORDER NO. R4-2007-0019, SERIES  
NO. 082, CI-9460, GLOBAL ID. WDR100001381)**

Dear Dr. Sefa-Boakye:

On December 12, 2008, this Regional Water Quality Control Board (Regional Board) informed you that the subject discharge is regulated under Regional Board Order No. R4-2007-0019, which specifies your Waste Discharge Requirements (WDR).

In a letter dated March 1, 2016, you notified the Regional Board that you ceased injection of potassium permanganate at the subject site and requested termination of the WDR.

Since City of Compton has no plan to inject potassium permanganate in the future, the coverage for the subject facility under Regional Board Order No. R4-2007-0019 is hereby terminated, with the exception of enforcement under the terms of the permit.

If you have any questions, please contact the Project Manager, Dr. Ann Chang at (213) 620-6122 ([ann.chang@waterboards.ca.gov](mailto:ann.chang@waterboards.ca.gov)), or the Chief of Groundwater Permitting Unit, Dr. Eric Wu at (213) 576-6683 ([eric.wu@waterboards.ca.gov](mailto:eric.wu@waterboards.ca.gov)).

Sincerely,

  
Samuel Unger, P.E.  
Executive Officer

cc: Mr. Brian Viggiano, Stantec
