Dear Mr. Thorsen:

We have completed our review of your application for WDRs/WRRs for Malibu Civic Center Wastewater Treatment Facility. Pursuant to the California Water Code, tentative WDRs/WRRs and a monitoring and reporting program have been prepared.

Enclosed are copies of tentative WDRs/WRRs consisting of:

1. Board Order R4-2015-XXXX specifying WDRs/WRRs;
2. Monitoring and Reporting Program (CI-10042); and,
3. Attachments A to D, including Maximum Contaminant Levels, Standard Provisions Applicable to Waste Discharge Requirements, Constituents of Emerging Concerns, and Priority Pollutants.

In accordance with administrative procedures, the Regional Board (Board) will consider the enclosed tentative WDRs/WRRs and comments thereon, at a public hearing to be held at 9:00 AM on March 12, 2015, at the Board Room, Metropolitan Water District of Southern California located at 700 North Alameda Street, Los Angeles, California. The Board will hear any testimony pertinent to this discharge, the tentative requirements, monitoring and reporting program and time schedule order. It is expected that the Board will take action at the hearing; however, as testimony indicates, the Board at its discretion may order further investigation.

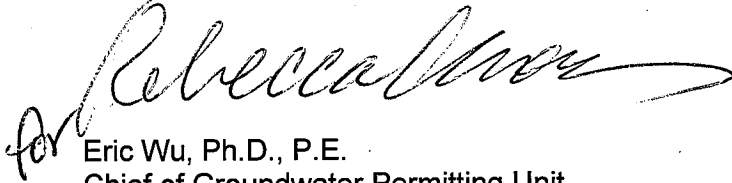

Written comments or testimony regarding these tentative WDRs/WRRs must be received at the Board's Office by 10:00 AM on January 30, 2015, in order to be evaluated by Board staff and included in the Board's agenda folder. Comments received after this date will be provided, ex agenda, to Board Members for their consideration. Failure to comply with these requirements is grounds for the Board to refuse to admit the proposed written comment or exhibit into evidence. Timely submittal of written comments is encouraged to ensure that all comments are accurately and fully included in the administrative record, that Board staff is able to provide timely review, and that Board Members have sufficient time to give full consideration to the comments and issues raised. Comments received after the requested date may result in delay in consideration of your WDRs/WRRs application.

Standard Provisions, which are part of these tentative requirements, are enclosed for the addressee only. However, these are on file in the Board's Office, and a copy will be sent to anyone else upon request.

The agenda for the meeting will be posted on the Regional Water Board's website ([http://www.waterboards.ca.gov/losangeles/board info/agenda/index.shtml](http://www.waterboards.ca.gov/losangeles/board%20info/agenda/index.shtml)) approximately one week prior to the meeting.
