Arnold Schwarzenegger
Governor

July 27, 2007

Mr. Dan Pfeifer
Utility Manager
City of San Buenaventura
P.O. Box 99
Ventura, CA 93002-0099

Dear Mr. Pfeifer:

TENTATIVE WASTE DISCHARGE REQUIREMENTS (WDRs) AND NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT AND TIME SCHEDULE ORDER (TSO), CITY OF SAN BUENAVENTURA, VENTURA WATER RECLAMATION FACILITY (NPDES NO. CA0053651, CI NO. 1822) - ADDITIONAL PUBLIC COMMENT PERIOD

Reference is made to our letter dated April 26, 2007 which transmitted tentative Waste Discharge Requirements (WDRs) and a National Pollutant Discharge Elimination System (NPDES) permit and Time Schedule Order (TSO) to discharge tertiary treated wastewater to the Santa Clara River Estuary.

During the first public comment period (which was extended from May 30, 2007 to the close of business on June 6, 2007), the Regional Board received written comments on the importance of maintaining federally endangered Tidewater Goby habitat in the Estuary. It was suggested that, under the current conditions in the Santa Clara River Watershed, the City's wastewater discharge to the Estuary provides conditions that are beneficial to the Tidewater Goby population. As this issue is critical to the renewal of the City's NPDES permit, we provided an additional public comment period for this one narrow issue only. Additional written comments solely concerning the impacts (positive or negative) of the City's discharge on the endangered Tidewater Goby were required to be received by the Regional Board by close of business on July 11, 2007.

The Regional Board received additional comments from: 1) National Oceanic and Atmospheric Administration; 2) City of San Buenaventura; 3) Ventura Audubon Society; 4) California Department of Parks and Recreation; 5) A Professor from University of California, Los Angeles; 6) Entrix, Inc.; 7) Nossaman, Guthner, Knox and Elliott, LLP; and 8) Nautilus Environmental; which have been posted on our website.

In light of evaluating these additional comments and our need to determine the technical merit of each one, we are postponing the Regional Board hearing on this matter to a future Board meeting. The matter is tentatively scheduled for a public hearing to be held on **October 4, 2007** (no earlier than). The Regional Board meeting will begin at 9:00 a.m. at the City of Simi Valley Council Chambers, located at 2929 Tapo Canyon Road, Simi Valley, California. The Regional Board will hear any testimony pertinent to this discharge, the tentative permit, and tentative TSO.

California Environmental Protection Agency

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.

Mr. Dan Pfeifer
City of San Buenaventura

-3-

July 27, 2007

Oral statements will be heard, but, for accuracy of the record, all testimony should be submitted in writing. It is expected that the Board will take action at the hearing; however, as testimony indicates, the Board, at its discretion, may order further investigation.

All pertinent documents in the record, as well as written comments already received, can be viewed at the Regional Board's web address at http://www.waterboards.ca.gov/losangeles/html/permits/tentative_order/Individual/Ventura/Ventura.html.

If you have any questions or need additional information, please contact me at (213) 576-6720 or Don Tsai at (213) 576-6665.

Sincerely,

Blythe Ponek-Bacharowski
Unit Chief, Municipal Permitting Unit (NPDES)
