AGENDA

The Los Angeles Regional Water Quality Control Board (Los Angeles Water Board or Board) strives to conduct an accessible, orderly, and fair meeting. The Chair of the Board will conduct the meeting and establish appropriate rules and time limitations for each agenda item. The Board will only act on items designated as action items. Action items on the agenda are staff proposals and may be modified by the Board as a result of public comment or Board member input. Additional information about Board meeting procedures is included after the last agenda item.

Generally, the Board accepts oral comments at the meeting on agenda items and accepts written materials regarding agenda items in advance of the meeting. For some items requiring public hearings, written materials and oral comments will be accepted only according to the procedures set forth in a previously issued public notice for the agenda item. To ensure a fair hearing and that the Board Members have an opportunity to fully study and consider written material, unless stated otherwise, written materials must be provided to the Executive Officer **not later than 5:00 p.m. on July 1, 2021. Please consult the agenda item description because certain items may have an earlier deadline for written submissions. If you are considering submitting written materials, please consult the notes at the end of the agenda. Failure to follow the required procedures may result in your materials being excluded from the administrative record; however, failure to timely submit written materials does not preclude a person from testifying before the Board.**

If a person intends to use a PowerPoint presentation or other visual aids, they must be received by the Los Angeles Water Board's IT Department, to the attention of Gerardo.Rabelo@waterboards.ca.gov at least 48 hours prior to the meeting, unless otherwise stated. Presentations submitted after the deadline **will not be accepted.**

Note that public comments on agenda items will be limited to 3 minutes unless directed otherwise by the Board Chair or previously approved by the Executive Officer in writing. Unless otherwise stated for a specific agenda item, persons requesting more than 3 minutes to speak on an agenda item must register to participate in the meeting not later than 5:00 pm, July 1, 2021 via the Zoom registration [link](https://us02web.zoom.us/webinar/register/WN_XS33odi_QOOXSCLpSkN6Kw) https://us02web.zoom.us/webinar/register/WN_XS33odi_QOOXSCLpSkN6Kw and indicate in their registration the item they wish to speak on and the amount of time they are requesting. Time requests submitted via the Zoom registration will be evaluated by the Chair and time allocations will be communicated in advance of the meeting. NOTES ON AGENDA

Ex Parte Communications

An ex parte communication is a communication to a board member from any person, about a pending matter, that occurs in the absence of other parties and without notice and opportunity for them to respond. The California Government Code prohibits the board members from engaging in ex parte communications during permitting, enforcement, and other “quasi-adjudicatory” matters. Ex parte communications are allowed on pending general orders (such as general waste discharge requirements, general waivers, and general Clean Water Act section 401 water quality certifications) subject to the disclosure requirements of Water Code section 13287 (for further information and disclosure forms, please visit http://www.waterboards.ca.gov/losangeles/laws_regulations/). The Los Angeles Water Board discourages ex parte communications during rulemaking and other “quasi-legislative” proceedings. The ex parte rules are intended to provide fairness, and to ensure that the board’s decisions are transparent, based on the evidence in the administrative record, and that evidence is used only if stakeholders have had the opportunity to hear and respond to it. Ex parte rules do not prevent anyone from providing information to the water boards or requesting that the water boards take an action. They simply require that the information come into the record through proper channels during a duly noticed, public meeting. A board member who has engaged or been engaged in a prohibited ex parte communication will be required to publicly disclose the communication on the record and may be disqualified from participating in the proceeding. For more information, please look at the ex parte questions and answers document found at www.waterboards.ca.gov/laws_regulations/docs/exparte.pdf.

Procedures

The Los Angeles Water Board follows procedures established by the State Water Resources Control Board. These procedures are established in regulations commencing with section 647 of title 23 of the California Code of Regulations. The Chair may establish specific procedures for each item, and consistent with section 648, subdivision (d), of title 23 of the California Code of Regulations may waive non-statutory provisions of the regulations. Generally, all witnesses testifying before the Los Angeles Water Board must affirm the truth of their testimony and are subject to questioning by the Board Members. The Board does not, generally, require the designation of parties, the prior identification of witnesses, or the cross examination of witnesses. Generally, speakers are allowed three minutes for comments. Any requests for an alternate hearing process, such as requesting additional time to make a presentation, should be made to the Executive Officer in advance of the meeting, and under no circumstances later than 5:00 p.m. on the Thursday preceding the Board meeting. The provisions of this paragraph shall be deemed superseded to the extent that they are contradicted by a hearing notice specific to an agenda item.

Written Submissions

Written materials (whether hand-delivered, mailed, e-mailed, or facsimiled) ***must be received by the relevant deadline*** established in the agenda or public notice for an item. If the submitted material is more than 10 pages or contains foldouts, color graphics, maps,

or similar items, 12 copies must be submitted prior to the relevant deadline. Failure to comply with requirements for written submissions is grounds for the Chair to refuse to admit the proposed written comment or exhibit into evidence. (Cal. Code Regs., tit. 23, § 648.4, sub. (e).) The Chair may refuse to admit written testimony into evidence unless the proponent can demonstrate why he or she was unable to submit the material on time or that compliance with the deadline would otherwise create a hardship. In an adjudicatory matter, where there is a showing of prejudice to any party or the Board from admission of the written testimony, the Chair may refuse to admit it.

Administrative Record

Presentation materials used as part of testimony must be left with the Board. All Board files pertaining to the items on this Agenda are hereby made a part of the record submitted to the Los Angeles Water Board by staff for its consideration prior to action on the related items.

Accessibility

Individuals requiring special accommodations or language needs should contact Rosie Villar at (213) 576-6630 or Rosie.Villar@waterboards.ca.gov at least ten working days prior to the meeting. TTY/TDD Speech-to-Speech users may dial 7-1-1 for the California Relay Service.
