

## Notice of Proposed No Further Action

For

Westside Engine & Machine  
12 West 3<sup>rd</sup> Street  
Santa Rosa, CA

Case Number 1TSR244

Sonoma County

**Notice Posting Date: March 17, 2023**

**End of Comment Period: May 16, 2023**

A soil and groundwater investigation was conducted at the above-referenced site and a release of petroleum hydrocarbons was documented. Although some contamination remains, this site meets the conditions for closure under the State Water Resources Control Board's "Low-Threat Underground Storage Tank Case Closure Policy." Regional Water Board staff proposes that no further work be required. The purpose of this notice is to inform interested parties, including owners of nearby land, that the case is being considered for closure, and to invite public comment on this proposed decision.

### Problem Description

A previous underground storage tank fuel system, removed in 1992, released gasoline to soil and groundwater at this site. Soil and groundwater at and around the site have been investigated. Groundwater monitoring at the site has shown contamination in groundwater in the immediate vicinity of the former UST, but the contamination is stable and decreasing. No water supply wells were impacted by this contamination.

### Proposed Action

Case closure is proposed. This site meets the conditions for closure under the State Water Resources Control Board's "[Low-Threat Underground Storage Tank Case Closure Policy](#)."

Unless significant comments are received or new information is presented regarding this site, Regional Water Board staff plans to proceed with the closure process upon conclusion of the comment period. Please contact Kent Huth at (707) 576-2669 or [Kent.Huth@waterboards.ca.gov](mailto:Kent.Huth@waterboards.ca.gov) with any questions or comments. Written comments may also be submitted to:

North Coast Regional Water Quality Control Board
