Certification of Environmental Impact Report,
California Environmental Quality Act Findings of Fact,
and Statement of Overriding Considerations
for
General Waste Discharge Requirements for Commercial Vineyards
in the North Coast Region

December 4, 2024

Staff Initiated Changes to the Proposed Resolution

North Coast Water Quality Control Board staff identified **non-substantive** late revisions to the Proposed Resolution that are not currently reflected in the subject document released to the public on October 31, 2024.

Staff recommend that the following changes be made to Resolution No. R1-2024-0057 concurrent with its adoption:

1. Add page numbers to the footer of the Resolution document.
2. Remove the term “Geology/Soils” from Finding 23 on p. 5 of the Resolution.
