

North Coast Water Board Disadvantaged Community List

Acronym list:

BG - Block Group

CT - Census Tract

DAC - Disadvantaged Community

DFA - Division of Financial Assistance

MHI - Median Household Income

MOE - Margin of Error

SDAC - Severely Disadvantaged Community

Statewide MHI - \$78,672.00

Small and disadvantaged (DAC) per Division of Financial Assistance (DFA) criteria is indicated by a population $\leq 20,000$ and an MHI $< 80\%$ of CA MHI (or \$62,937.60).

Small and Severely Disadvantaged (SDAC) per DFA criteria is indicated by a population $\leq 20,000$ and an MHI $< 60\%$ of CA MHI (or \$47,203.20).

Per DFA, a community with a population of under 500 is permitted to apply up to \$15,000 of a margin of error (MOE) to its MHI. Populations over 500 are permitted to apply up to \$7,500 of an MOE. These values (or the true MOE) are applied to the MHI for the community to create a “lower bound MHI” which is then used to determine disadvantaged status.

Data is drawn from the American Community Survey 5-year estimates for census designated places. Other data is used as noted in the table.
