Chair Felicia Marcus  
State Water Resources Control Board  
1001 I Street  
Sacramento, CA 95814

**RE: Phase 1 of SED for the San Joaquin River Public Comment, Petition Signatures**

Dear State Water Resources Control Board Chair Marcus,

Please find enclosed a 74-page document listing 4,175 signatures from our petition to the State Water Resources Control Board asking for the Board to consider these following points in Phase 1 of the SED for the San Joaquin River:

- 1) A permanent reduction of exports must happen to protect the Delta. What is the true efficacy of this update to San Joaquin flow standards if water exports from the Delta are not going to be dealt with? The San Joaquin River must reach Chipps Island in order to restore, protect, and preserve the entire estuary. If unsustainable water exports are not dealt with, we worry that water quality and quantity objectives for the Delta will never be met.**
- 2) We do not want to see a weakening of salinity standards in the South Delta. Water quality standards must be protected for drinking water, agriculture, municipal discharge, fisheries, recreation, and ground water recharge, and to reduce the future risk of increased harmful algal blooms that are toxic to humans, dogs, fish, and wildlife in south Delta channels.**
- 3) The State Water Board must consider environmental justice communities in terms of drinking water and domestic use. Phase 1 Recirculated Draft SED fails to consider environmental justice communities in chapters 5 and 9 (hydrology/water quality and groundwater).**
- 4) We believe that water flows on the San Joaquin River must be adequate to restore and protect fisheries—and to protect the public trust value of the Bay-Delta estuary. A 40% restoration of flows will not accomplish this end. Science tells us that we need 60% of flows restored on the San Joaquin River for the health of the Bay-Delta.**

We used the reputable web software and platform NationBuilder to obtain and verify a total 4,175 Californians that signed on to our petition.

*RE: Phase 1 of SED for the San Joaquin River Public Comment, Petition Signatures*

Unfortunately, due to our limited resources, we were not able to provide more outreach to our members regarding this petition; however, we hope that you will recognize the wide amount of geographic representation on our list of signees as a reflection of our base of over 40,000 members throughout California.

We thank you for the opportunity to comment.

Yours in Service,

A handwritten signature in blue ink, appearing to read 'Stina Va', with a stylized, cursive script.

Stina Va
