This Killing California crap has got to stop. This socialist form of government in California has failed us. The worst part is that most Californian's has no idea of the tyranny taking place today. The problems that our lack of representation has left us The state is increasing debt at a rate of \$28K per minute The current debt is approximately \$427 Billion and increasing at a rate of about \$1 to 1.4 million per Hour The un-funded liabilities are over \$800 billion. Pensions are in trouble 1.2 million Californians found jobs last year. The jobs were not in Ca 33% of the Nation's welfare is spent in CA
9000 small businesses left over the past 7 years left CA
575 agencies are over regulating CA, The CA legislators have voted in, over 900 new laws last year and over 800 the year before.
9 out of 50 United States have full time legislators Please use the links below to check these numbers.
