Jeanine Townsend
Clerk to the Board
State Water Resources Control Board
1001 I Street, 24th Floor
Sacramento, CA 95814

Dear Ms. Townsend,

Thank you for the opportunity to comment on the State Water Resources Control Board's proposed approval of the San Francisco Bay Regional Board's Basin Plan Amendment to Establish a TMDL and Implementation Plan for Selenium in North San Francisco Bay. We have reviewed the Regional Board's Basin Plan Amendment and supporting Staff Report. The technical analyses are rigorous and sound, and we commend the Regional Board on the resulting documents. We encourage the State Water Resources Control Board to approve the Regional Board's Basin Plan Amendment to establish the TMDL and Implementation Plan.

We appreciate the significant amount of work that has gone into the development of the package. If you have any questions, please contact me at (415) 972-3452 or Diane Fleck at (415) 972-3527.

Sincerely,

Janet Hashimoto
