Re: SWRCB/OCC File A-2456 (d) – **Request to Hold in Abeyance** the Petition of County of Orange and Orange County Flood Control District for Review of Action of the California Regional Water Quality Control Board, San Diego Region, in Adopting Order No. R9-2015-0100, an Order Amending Order No. R9-2013-0001, NPDES No. CAS0109266, as Amended by Order No. R9-2015-0001. National Pollutant Discharge Elimination System (NPDES) Permit and Waste Discharge Requirements for Discharges from the Municipal Separate Storm Sewer Systems (MS4s) Draining the Watersheds within the San Diego Region

Dear Mr. Mallory-Jones:

This office represents the County of Orange and Orange County Flood Control District (collectively, "Petitioners") with respect to the above-referenced petition number A-2456 (d) ("the Petition"), filed on December 18, 2015. Pursuant to section 2050.5(d) of the California Code of Regulations, Petitioners hereby request that the Petition be held in abeyance effective as of the date of this letter, until such time as Petitioners request that the Petition be removed from abeyance.

On March 15, 2016, the State Water Resources Control Board ("State Board") issued notice that the Petition was complete and was being consolidated with legally or factually related petitions under section 2054 of the California Code of Regulations. Under State Board regulations, the State Board is required to issue a final disposition on the Petition by December 9, 2016. Cal. Code Regs., tit 23, § 2050.5 (a).

On November 4, 2016, the State Board issued notice of its proposed own motion to review Order No. R9-2015-0100 of the San Diego Regional Water Quality

Mr. Mallory-Jones  
Office of Chief Counsel  
December 1, 2016  
Page 2

Control Board, because the State Board would not complete review of the Petition within the 270 day time period prescribed by regulation. The notice of own motion indicated that the State Board "is currently reviewing petitions on Watershed Management Programs under an MS4 permit issued by the Los Angeles Regional Water Quality Control Board," and that "once an order is adopted addressing the Watershed Management Programs, the State Water Board will determine whether issuing an order addressing issues raised in the petitions challenging the San Diego MS4 Order Amendment is appropriate."

In light of the fact that the State Board will not address the Petition by December 9, and the uncertainty as to whether any order adopted addressing the Watershed Management Programs at issue in the Los Angeles County permit will fully address on the merits all the issues raised in the Petition, in order to preserve all legal rights and remedies while the State Board considers its own motion, Petitioners hereby request that the Petition be held in abeyance effective immediately and until Petitioners specifically request that the Petition be removed from abeyance. Petitioners reserve the right to remove its Petition from abeyance at any time.

Please contact me should you have any questions, and thank you for your attention to this matter.

Very truly yours,

LEON J. PAGE  
COUNTY COUNSEL
