

EDMUND G. BROWN JR.
GOVERNOR

MATTHEW RODRIGUEZ
SECRETARY FOR
ENVIRONMENTAL PROTECTION

Los Angeles Regional Water Quality Control Board

February 17, 2017

Ms. Susan B. Mulligan
Calleguas Municipal Water District
2100 Olsen Road
Thousand Oaks, CA 91360

Dear Ms. Mulligan:

TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS—CALLEGUAS MUNICIPAL WATER DISTRICT, SALINITY MANAGEMENT PIPELINE, PHASE 2D, VARIOUS LOCATIONS IN UNINCORPORATED AREAS OF VENTURA COUNTY, CALIFORNIA (NPDES NO. CAG674001, CI-10079)

The subject discharge is regulated under Order No. R4-2009-0068, *Waste Discharge Requirements and General National Pollutant Discharge Elimination System Permit for Discharges of Low Threat Hydrostatic Test Water to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on June 4, 2009.

We have reviewed an email from Mr. Fernando Baez of your office dated January 27, 2017, requesting termination of your coverage under the General Permit. The email indicated that you have stopped discharging hydrostatic test water from the above-referenced facility to surface water and that the subject NPDES permit is no longer needed.

On February 9, 2017, Board staff inspected the project site and verified that there is no discharge of wastewater from the facility to surface water. Since there is no discharge of wastewater from the facility, coverage under Board Order R4-2009-0068, General NPDES Permit No. CAG674001 for the facility is hereby terminated, except for enforcement purposes.

Please note that if future discharges of wastewater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Gensen Kai at (213) 576-6651.

Sincerely,

Samuel Unger, P.E.
Executive Officer

Ms. Susan B. Mulligan
Calleguas Municipal Water District
