

Los Angeles Regional Water Quality Control Board

February 28, 2020

Ms. Gina Dorrington
Assistant General Manager of Operations
City of Ventura - Ventura Water
1400 Spinnaker Drive
Ventura, CA 93001

Dear Ms. Dorrington:

TRANSMITTAL OF ADOPTED WASTE DISCHARGE REQUIREMENTS (WDRs) AND NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT FOR CITY OF VENTURA, VENTURA WATER RECLAMATION FACILITY (NPDES NO. CA0053651, CI NO. 1822)

Our letter dated January 27, 2020, transmitted the revised tentative Waste Discharge Requirements (WDRs) and NPDES Permit for the Ventura Water Reclamation Facility.

In accordance with administrative procedures, this Regional Water Board at a public hearing held on February 13, 2020, reviewed the revised tentative requirements, considered all the factors in the case, and adopted WDRs and NPDES Order No. **R4-2020-0024**.

At this board meeting, the Board reiterated its expectation, as set forth in Section VI.C.6.e "Activities Coordination" of the Order, that the City would coordinate its compliance activities related to this Order with others implemented by the City, including coordination within the City's departments regarding the potential for the permissive integration of the MS4 with the wastewater collection system. This added source of influent could provide additional treated water for recycling while helping to address other compliance obligations of the City.

The complete adopted Order will be sent only to the Discharger. However, this document is available on the Regional Water Board's website for your review. The Regional Water Board's web address is www.waterboards.ca.gov/losangeles/.

If you have any question regarding this proposed action, please contact me at (213) 576-6616 or via email at jeong-hee.lim@waterboards.ca.gov.

IRMA MUÑOZ, CHAIR | RENEE PURDY, EXECUTIVE OFFICER

Sincerely,

Jeong-Hee Lim, Ph.D., P.E., Chief
