Dear Mr. Kubomoto:

REVISED GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS – COUNTY OF LOS ANGELES DEPARTMENT OF PUBLIC WORKS, WEST BASIN BARRIER PROJECT, UNIT 2, PALM AVENUE AND FLOURNOY ROAD, REDONDO BEACH, CALIFORNIA (NPDES NO. CAG994005, CI-6093)

In our letter dated October 28, 2003, we authorized the discharge of groundwater from the aforementioned project under the NPDES General Permit No. CAG994005, Order No. R4-2003-0108, *General National Pollutant Discharge Elimination System Permit (NPDES) and Waste Discharge Requirements for Discharges of Groundwater From Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

We have received and reviewed your December 4, 2007, submittal requesting to modify your coverage under the general NPDES permit for the above-referenced project. The modification is necessary to add one new outfall to the project. We have no objection to you including the coverage for one additional outfall under the general permit.

Enclosed are your Waste Discharge Requirements, which also serve as your General NPDES Permit, consisting of Order No. R4-2003-0108 and Monitoring and Reporting Program No. CI-6093. The discharge limitations in Part E.1. of Order No. R4-2003-0108 for the specific constituents listed on the Table with the enclosed revised Fact Sheet are applicable to your discharge. The groundwater discharge drains to a coastal stream of the Pacific Ocean. Therefore, the discharge limitations listed in Attachment B. are not applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-6093 and NPDES No. CAG994005", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.
