Claim No. 7001 0360 0000 3649 4535

Dear Mr. Stone:

REVISED GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT AND WASTE DISCHARGE REQUIREMENTS—COUNTY OF LOS ANGELES DEPARTMENT OF PUBLIC WORKS, WEST BASIN BARRIER PROJECT, UNIT 6, PROSPECT AVENUE, REDONDO BEACH, CALIFORNIA (NPDES NO. CAG994005, CI-6097)

In our letter dated October 30, 2003, we authorized the discharge of groundwater from the aforementioned project under the NPDES General Permit No. CAG994005, Order No. R4-2003-0108, *General National Pollutant Discharge Elimination System Permit (NPDES) and Waste Discharge Requirements for Discharges of Groundwater From Potable Water Supply Wells to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on August 7, 2003.

We have received and reviewed your June 17, 2009, submittal requesting to modify your coverage under the general NPDES permit for the above-referenced project. The modification is necessary to add five new outfalls to the project. We have no objection to you including the coverage for five additional outfalls under the general permit.

Enclosed are your Waste Discharge Requirements, which also serve as your General NPDES Permit, consisting of Order No. R4-2003-0108 and Monitoring and Reporting Program No. CI-6097. The discharge limitations in Part E.1. of Order No. R4-2003-0108 for the specific constituents listed on the Table with the enclosed revised Fact Sheet are applicable to your discharge. The groundwater discharge drains to a miscellaneous coastal stream of the Pacific Ocean. Therefore, the discharge limitations listed in Attachment B. are not applicable to your discharge.

The Monitoring and Reporting Program requires you to implement the monitoring program on the effective date of coverage under this permit. All monitoring reports should be sent to the Regional Board, ATTN: Information Technology Unit. When submitting monitoring or technical reports to the Regional Board per these requirements, please include a reference to "Compliance File No. CI-6097 and NPDES No. CAG994005", which will assure that the reports are directed to the appropriate file and staff. Also, please do not combine other reports with your monitoring reports. Submit each type of report as a separate document.

California Environmental Protection Agency

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.

July 2, 2009

In order to avoid future annual fees, please submit written request for termination of your enrollment under the general permit in a separate letter, when your project has been completed and the permit is no longer needed. Beware that the annual fee covers the fiscal year billing period beginning July 1 and ending June 30, the following year. You will pay full annual fee if your request for termination is made after the beginning of new fiscal year beginning July 1.

We are sending Board Order No. R4-2008-0032 only to the applicant. For those on the mailing list, please refer to the Board Order sent to you previously or download a copy of the Order from our website at: [http://www.waterboards.ca.gov/losangeles/board decisions/adopted orders/](http://www.waterboards.ca.gov/losangeles/board%20decisions/adopted%20orders/).

If you have any questions, please contact Dr. James Tang at (213) 576-6696.

Sincerely,

Tracy J. Egoscue
Executive Officer
